ABOUT ME

I'm thrilled to embark on my journey as a fresher in the creative realms of UI/UX design, video editing, and graphic design. I'm deeply passionate about these fields and have a burning desire to excel in each of them. Despite being new to the scene, I tackle every project with unwavering dedication and enthusiasm, eager to soak up knowledge and grow with each opportunity that comes my way. I believe in the power of continuous learning and am committed to expanding my skills to become a versatile and accomplished professional in the world of design and editing.

PROJECTS

Dream Baseball

- Caricature : Whimsical caricature of iconic player, crafted with Adobe Illustrator.
- Logo : Official Dream Baseball logo embodies the sport's essence.
- Isometric Baseball Ground : A 3d empty baseball ground with a parking area outside.
- Concept ad : Invites viewers to immerse themselves in the digital oasis of baseball excitement.
- Infographics : Informative visuals offer insights into baseball's history and stats.

Social Webestica Clone

- Responsive Design: HTML, CSS, JavaScript, and Bootstrap used for seamless user experience on all devices.
- Authentic Look: Front-end mirrors Social Webestica's aesthetics and functionality.
- Interactive Features: JavaScript adds dynamic content loading, real-time notifications, and responsive navigation.
- Bootstrap Integration: Ensures design consistency across different screen sizes.
- User-friendly Interface: Intuitive navigation, interactive elements, and visually appealing layouts enhance user experience.
